

Land Rover Clubs' Expo 2014

Written by Gavin Crouch

Monday, 15 September 2014 11:25

After five successful years the Land Rover Clubs' Expo is on again, starting at **9am Sunday 21st September**

at

Castle Hill Showground, Sydney

.

The 2014 Land Rover Expo promises to be a great day for all the family, with an expanding array of Land Rover and Range Rover vehicles from the last 65 years, as well as many equipment suppliers, and plenty of activities for the children, such as a jumping castle and an animal farm.

We are expecting in excess of 600 Land Rover and Range Rover vehicles, from the legendary, nicely restored Series I's to the full breadth of current models. There will be a number of 4WD activities, such as demonstrations of recovery techniques and some interesting competitive events.

As the major sponsor, Land Rover Australia will be showing off their line-up of the latest models. Last year's major attraction, the Land Rover Terrapod will be back in 2014. The Terrapod is a bespoke transportable articulation track which allows you to experience the breadth of Land Rover capability without leaving the city.

The Land Rover Expo is an event run by the Land Rover Owners' Club of Australia (Sydney Branch) and the Range Rover Club of Australia (NSW) Ltd. The two clubs are working closely together to make the 2014 Land Rover Expo, another memorable event.
